Whether you prefer an earthy-feel with unique hand-forged metal and granite displays or sleek and modern with our eclectic bubble acrylic accented with pin spot LED lighting, Catered by Design can accommodate any taste. Innovation and creativity abound with our "floating" buffets and "hanging" beverage trees which, when filled with Cannoli Shooters, Cheesecake Lollipops and our famous Chopped "tini" Salads, elicit "wows" from our clients and guests.

Recently voted "Best of Weddings 2014 Winner" by The Knot, Catered by Design consistently exceeds expectations in fulfilling the vision of the bride and groom, making their day a day to remember. "This is not typical wedding food," is what we hear time and again from satisfied customers.

Catered by Design's full-service division is not limited to wedding service. We bring the same attention to detail to creating the perfect Mitzvah, Corporate Event, Birthday Party or Anniversary. Whether grand or intimate, Catered by Design is committed to bringing your event to life!
